## Baby Bottle Fundraiser

## What is a Baby Bottle Fundraiser?

Baby Bottles are a fun and easy way to raise funds for Pregnancy Care Clinic. By using our special baby bottles as “banks”, you can fill them up with coins, cash, and checks. Each person that takes a bottle is helping fund this ministry. This ensures that Pregnancy Care Clinic is available to help those facing unintended pregnancies..

By taking a bottle home, it will also be a reminder to pray for us. Each time you drop your change in the bottle, pray for the life that your contribution will help to save.

Thank you for supporting us!

## How is the money used?

All the funds raised through Baby Bottles support the programs and services that we offer at the clinic. All services are completely free of charge, including:

- Pregnancy Tests & Verification
- Limited Obstetrical Ultrasounds
- Abortion Alternatives Education
- Childbirth & Parenting Classes
- Young Moms Support Group
- Post Abortion Support
- Maternal & Baby material needs

**Thanks for your support!**
